

De-escalation of the lockdown.

As of the 4th of May, Spain will enter the so-called 'De-escalation', which will be divided into four phases, and will last as planned 8 weeks. Each province or island will have a different pace depending on the Health, and epidemiological situation. It will move from one phase to another depending on markers such as the capacity health, the epidemiological situation and mobility and social-economic data.

STAGE 0 - 4th May

- Preferred internet / tele-working.
- Individual sport allowed with protection (mask and social distancing)
- Individual training of federated sportsmen and women.
- Opening of small business premises by appointment for individual attention.
- Older people will have preferential times, but not exclusive.
- Take-away delivery in restaurants and cafes.
- Progressive increase of public transport.
- Opening of hairdressing salons with capacity control and with previous appointment.

Monday 4th May

- The exceptions to the state of alarm provided for in phase 0 start in all provinces. Formentera, La Gomera, El Hierro and La Graciosa go to Phase 1

STAGE 1 – 11th May

- Social contact in groups of up to 10 people.
- Schools will open for disinfection and work of teachers.
- Widespread opening of premises, commercial establishments and hotels with limited capacity and safety distances.
- Opening of terraces with 50% of the usual tables.
- Libraries. Events and shows for less than 30 people, 200 if they are in the open air. Museums will open with limited capacity.
- Limitation of one third of the total capacity of the temple.

STAGE 2 – 25th May

- Travel within the same province is allowed.
- Weddings with a limited number of attendees.
- Opening of schools for children up to 6 years old, for families whose parents work.
- Consumption in premises with table service, with separation between customers at the table and between tables. Limited to one third of the capacity.
- Hotels: opening of common areas limited to 1/3 of the capacity.
- Resumption of hunting and fishing sports.
- Cinemas, theatres and auditoriums with pre-assigned seats with a 1/3 capacity limit.
- Basic training in federated non-professional leagues and total training in professional leagues. Closed-door and broadcast matches.
- Limitation to half of the capacity in temples.

STAGE 3 – 8th June

- Social contact for people not vulnerable or with previous pathologies.
- The ban on the use of common areas and recreational areas in shopping centres is lifted. Seating capacity at 50%.
- Catering: the capacity will be increased to 50% of the capacity. Night bars and discotheques will be able to open with a third of the capacity.
- Cultural events and shows, theme parks and open-air entertainment for less than 800 people, all seated.
